### And What Have You

By BOB CRAIG

If the public will take advantage of the opportunity, I feel that the Retail Trade Committee of the BCD has come up with a real fine project in their Sidewalk Sale and Flea Market. If enough people will bring their items to town that they want to sell, this could turn into a real old fashion get-together.

Not only is this an opportunity for everyone to take part in a community-wide garage sale but should be a lot of fun just visiting with your friends and neighbors.

Every effort will be made by the downtown merchants to help you find a place to set up your goods. Not only will this be an opportunity for individuals to sell some of their unneeded items that everyone seems to accumulate but would also be a fine time for organizations to raise money for some of their projects.

And if you do not have anything to sell then come on down Friday and shop the bargains being offered both by the individuals and the merchants. You might find just the item or items that you have been looking for.

If this event is a success then it is likely that it will become an annual affair and quite possible that another one will be held later in the year.

So gather up your items, clean out your garage and storage room and bring it to town. What is junk to some is an antique to another and what you don't need might just be what someone else has been looking for.

The results of a recent opinion survey conducted by Rep. Frank Calhoun were released this past week and they are rather interesting. Nearly 5,700 people responded to the survey which in itself is rather surprising.

Of the 15 questions asked on the survey, quite a few were rather close but on several the replies were very one sided. Such subjects as state personal income tax, penal code reform, the right of state and public employees to strike and complete financing of local schools seemed to draw almost unanimous decisions in the survey.

Subjects that seem to have the people responding split pretty well down the middle were bringing more items under the sales tax rather than increasing the rate, state corporate income tax, permanent voter registration and welfare payments.

Those responding favored an increase in the state sales tax to raise must revenue by 3,661 to 2,449; opposed taxing more items by 2,813, 2,597; and felt that Texas industry, does not carry its fair share by 2,927 to 1,625.

Opposed corporate income tax, 2,500 to 2,307; opposed personal income tax, 4,928 to 551; favored annual sessions, 3,836 to 1,244; and favored permanent registration, 2,859 to 2,637.

Favored extending the vote to 18 year olds, 3,427 to 2,137; opposed Daylight Saving Time, 3,438 to 2,057; opposed cutting welfare payments if all waste and fraud eliminated, 2,842 to 2,455; and opposed the right to strike for public and state employees 4,089 to 1,227.

Favored revising and codifying Penal Code, 4,359 to 665; opposed liberalized laws governing abortions, 2,734 to 1,625; and opposed the state paying 100 percent of the cost of public school education, 4,319 to 1,028.

The last question asked where the state could best reduce expenses and the responses to this question repeatedly spoke of the welfare problem and suggested cutting the rolls and to insure that all able bodied persons work.

Faced with raising property taxes I was surprised that so many opposed the state taking over more of the cost of the local schools. I feel that the problem here is that school financing

## Dr. Starnes Gives Seniors Seven Guides for Success

Fifty-five Hamlin graduating seniors heard Dr. Joe Starnes, Assistant Superintendent of Schools of Abilene, offer seven guides for success at the graduation exercises held Friday evening in the high school cafeteria.

Opening with the admonition to the graduates to set a goal for their life if they had not already done so, Dr. Starnes concluded his remarks by urging the seniors to have faith in God. He told them that they would one day be faced with problems too big to handle alone and would need the help of someone bigger than themselves.

Keven Sue Mehaffey, daughter of Mr. and Mrs. H. L. Mehaffey, was awarded the Woman's Literary Club scholarship of \$100 during the presentation of special awards. Debra Sue Lee, daughter of Mrs. Annie Nell Lee, was presented a \$300 Nursing Scholarship to Western Texas College at Snyder.

Tony Lewis, salutatorian, gave the welcome for the class and reminisced about the years the class had spent together since starting school 12 years

ago. Darrell Craig, valedictorian, gave the farewell and offered several senses that the class needs to develop if it is to find success and happiness in life.

The presentation of the class gift, \$200 for the construction of a billboard in front of the high school, was made by Charles Sellers, class president.

W. T. Johnson, president of the Board of Education, C. F. Cook, superintendent, and B. V. Newberry, principal, presented the diplomas to the class.

The procession was played by Janice Hardy and the invocation was given by Rev. Dick McAnally, pastor of the Assembly of God Church. The exercises were closed with the singing of "The Piper Song."

## Sidewalk Sale, Flea Market Set Friday

Friday is the big day in Hamlin when the whole town is planning a gigantic garage sale. The merchants are planning a big Sidewalk Sale with everyone in the area invited to take part in the big Flea Market being planned.

Charles Reed, chairman of the Retail Trade Committee of the Hamlin Board of City Development, said that he hopes that all of the merchants in town will take part in the Sidewalk Sale and has issued a special invitation to all of the residents of the area to bring their surplus and unwanted goods to town for the Flea Market.

Plans call for the Flea Market to be set up on the downtown sidewalks not being used by the merchants, on the vacant lots and the store fronts of the vacant buildings.

Lone Star Gas Company is giving away a free Gas Grill Friday afternoon with all adults invited to register during the day.

Special prices are being offered by the local merchants for this big one day sale.

The merchants planning the event hope that everyone will take ad-

vantage of this opportunity to make this an old fashion type Swap and Shop day and a day to have fun and visit with friends.

The Sidewalk Sale has been an annual affair for the local merchants for the past few years, but this is the first year for the Flea Market. It is the hope of the committee that it will also become an annual part of the special event.

The Flea Market is open to everyone and local merchants will help individuals find a place to set up their merchandise. Reed said that he hoped that everyone will clean out their garages, storage rooms and closets and bring all of their unwanted items to town to sell. He also said that he hoped that those who did not have anything to sell would come on to town and see what their neighbors might have to sell that they might need.

He added, "School is out, and Mom and Dad are invited to bring the kids to town and have a big day. The drought is over; everything is green; and this Friday will be a good time to buy summer merchandise for the entire family during this sale."

## 4.86 Inches--

## Stock Tank Filling Rain Falls Here Over Weekend

The first stock tank filling rain in over a year fell in the area this weekend as the official total for the two days in Hamlin was 4.86 inches. Reports of up to nine inches was given over the West Texas area during the two days.

Thursday evening and Friday morning's total here was measured at 1.36 and the total for Saturday was 3.50. This brought the total for the year up 7.92 inches with the average for this time of the year being 10 inches.

High winds cut a path from Big Spring to Dublin, causing damage to buildings along its path. No wind damage was reported in the immediate Hamlin area but a motel and the Country Club was damaged in Merkel.

A storm in the Knox City area derailed four Santa Fe Cars about 9 a.m. five miles north of Knox City after six to eight inches of rain washed out the tracks. Conductor was Delbert Rountree and engineer was Jimmy Lassiter, both of Hamlin.

Most stock tanks in the area are now full for the first time in

two years following the heavy hard rains this weekend. Water was still standing in most fields

in the area Tuesday with a number of terraces being broken.

## City-Wide Rally Sunday To Open Crusade Campaign

Chesley Lewis of Fort Worth, a member of the Clifford Mayo team, will be in Hamlin Sunday for a city-wide rally in preparation for the city-wide revival to be held July 18-25.

The rally will be held at 7 p.m. Sunday in First Baptist Church. Robert Bailey will be in charge of the music which will feature a youth choir.

Lewis, an outstanding Nazarene layman, has served his local church as Sunday school teacher, supervisor, superintendent, NYPS president, study chairman in missionary department, church board, building committee, finance committee and in other capacities.

He has also served on the district level and has spoken to numerous church groups of all denominations. More recently he met with the entire church community at Petersburg in preparation for their city-wide crusade with Dr. Jack Robinson.

CHESLEY LEWIS to lead rally

The public is cordially invited to attend the Sunday evening service. Rev. Mayo will be the evangelist for the City-wide Crusade to be held in July.

## 10% Net Increase--

## School District Raises Values Lowers Rate

Supt. C. F. Cook announced this week that the Board of Education of the Hamlin Independent School District voted in a recent meeting a 10 percent increase in taxes on property within the district to meet the increased costs of the coming school year.

The Board voted to increase property values from the present 35 percent of market value to 50 percent and to lower the tax rate from the present \$1.85 to \$1.41. This increase in values and lowering of the rate will bring in about 10 percent more revenue to balance out the 10 percent increase in the

budget, according to Supt. Cook.

Increased costs cited by the board for its actions were property taxes, teacher raises, a new school bus and other miscellaneous expenses.

Insurance for the schools will cost \$7,000 more this year and the teacher raise on the State level will cost the local district another \$6,000. A new bus will cost the district \$6,000; interest, utilities and materials an additional \$900; and supplies and repairs, \$3,000; bringing the total estimated additional money needed to finance the school during the coming year

to \$22,900.

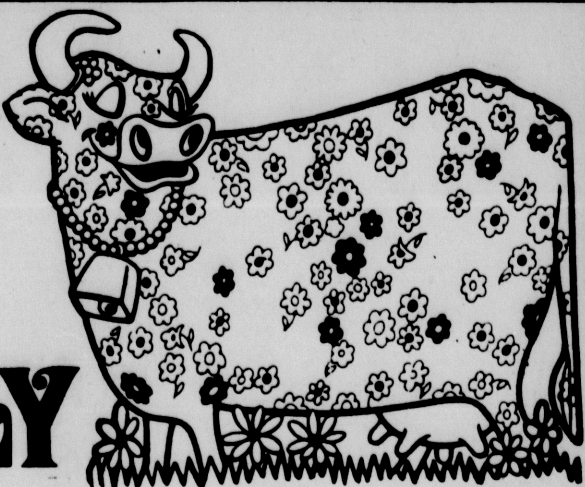

This is about 10 percent more than was in the budget this past year and the increase in values and lowering of the rate is expected to bring in about 10 percent more revenue for the school.

Under the new schedule a \$15,000 home or 100 acres of land valued at \$150 an acre will be taxed an additional \$8.62 a year. A \$10,000 home or 100 acres of land at \$100 an acre will be taxed an additional \$5.75 a year. Taxes on a \$7,500 home or 100 acres of \$75 land will cost an additional \$4.31 a year.

Rebecca Petty, Randy Brown Exchange Vows In Rotan

Rebecca Ann Petty, daughter of Mr. and Mrs. E. A. Petty of Rotan, and Randy Charles Brown, son of Mrs. and Mrs. Cecil Brown exchanged vows Saturday in the First United Methodist Church of Rotan.

Jerry Berry, minister of the Rotan Church of Christ, officiated.

Kay Kennedy was organist and Mrs. Stanley Nowlin was soloist.

The bride was presented in marriage by her father, wearing a formal gown of chantilly lace over peau de soie, forming a redingote effect that swept into a wateau chapel train. The oval neckline was encircled with seed pearls. The fitted lace sleeves with tiny covered buttons were bound in peau de soie. A lovely cluster of seed pearls held her veil of silk illusion. She carried a cascade of mixed spring flowers in deep shades.

Mrs. Leo Petty of Abilene, sister-in-law of the bride, was matron of honor. Bridesmaids were Lillian Harrod of Eden and Mrs. Phil Petty of Rotan, sister-in-law of the bride. Junior bridesmaid was Cindy Springer of Rotan, cousin of the bride.

The attendants wore formal gowns designed with empire waist and A-line skirt. The back was accented by a bow and floor length panel. The dresses were in rainbow colors of aqua, rose, green and blue. A material bow accented by a cluster of matching flowers held the veil of tulle. They carried a colonial nosegay of miniature mums in assorted spring colors.

Lisa Petty of Abilene, niece of the bride, was flower girl. She was attired in a miniature gown of pastel pink with a matching headpiece. She carried a basket of spring flowers.

Candlelighters were Laura Petty of Abilene, niece of the bride, and Melanie Rowland of Lafayette, La., niece of the bridegroom. They were dressed in lavender and yellow gowns similar to that of the bridesmaids.

Van Newberry of Colorado Springs, Colo., was best man and groomsmen were Barry Moore of Abilene, and Phil

MRS. RANDY CHARLES BROWN ... formerly Rebecca Ann Petty

Petty of Rotan, brother of the bride. Junior groomsmen were Britt Rowland of LaFayette, La., nephew of the bridegroom. Ushers were Leo Petty of Abilene, brother of the bride, Dwight Griggs of Divide and George Bonds of Abilene.

The reception followed in the church parlor with the bride's parents as hosts.

The bride was salutatorian of the Class of 1967 at Rotan High School. She received a bachelor of science degree in elementary education at Angelo State University where she was a

member of Student Education Association and was named to the Dean's list.

Brown is a 1963 graduate of Hamlin High School and attended West Texas State University, McMurry College and Cisco Junior College. He is employed by Pied Piper Cattle Co. here.

Following a wedding trip to Vallecito Resort in Colorado the couple will reside here at 25 S. W. Ave. D.

The bridegroom's parents hosted the rehearsal dinner at Rotana Inn in Rotan.

RIGHTS 'N WRONGS  
Mention fiance in bridal note

By RIV TOBIN  
Copley News Service

Dear Mrs. Tobin: When sending a gift to the home of the bride-to-be, is it proper to address it to her alone or should her fiance's name be included? How should the enclosed card be addressed? — Mrs. J.P.N.

Dear Mrs. J.P.N.: Before the wedding, all gifts are sent to the bride alone. If you know her fiance it would be perfectly proper to mention him on the card. ("Our best wishes to you and John.") After the wedding, gifts are sent to "Mr. and Mrs. Doe."

Dear Mrs. Tobin: Would you please print the obligations of the groom and his parents when the wedding is held in a different state? As you indicated in another column, I have written the bride's parents. — First Time Around

Dear First-Timer: You don't say whether you have had a reply to your letter, but I assume by now you have. A month or so before the wedding you should write and ask the mother of the bride if you and your husband may host a rehearsal dinner. (If you want to make such a gesture.) Another question to ask is if the bride has any preference as to the type of dress or color she would like to have you wear. Be sure and ask if you are to wear a head covering. Beyond these things, you have few obligations. You are honored guests at the ceremony.

Dear Mrs. Tobin: Our son is getting married soon to a young lady we've never met. They live in another state. Of course, we will be going to the wedding but we are wondering if we should write to the parents of the bride-to-be or wait until we hear from them. Our son has asked us to send our guest list for the church wedding. I hesitate to send the list, thinking it should come from the young lady's parents.

Your help in this matter would be much appreciated. — Mrs. J.

Dear Mrs. J.: Yes, you should write the young lady and welcome her into your family. You should also write her parents in the same tone. Ask the mother of the bride-to-be how many guests you may invite. See my answer above to Mrs. J.P.N. for other questions to ask.

Dear Mrs. Tobin: Should toilet tissue be put on the fixture so that sheets unroll forward or backward? — H.J.B.

Dear H.J.B.: There is civil war in Pakistan. Red China is testing nuclear weapons. There is war in Vietnam. Frequent earthquakes rock our own West Coast. Put the toilet paper roll on the fixture whichever way suits your fancy.

## FORTY FIVE YEARS AGO (May 28, 1926)

The thirteenth of each May is the annual meeting day for the Rural Mail Carriers, but this year, Memorial Day, May 30, comes on Sunday and therefore all conventions that would otherwise meet on the thirteenth will assemble on Monday the 31st.

Mr. Fletcher, carrier of Route C. Hamlin, is one of the leading spirits among the rural carriers and it was through his efforts that three districts of carriers will be here Monday. A splendid program has been printed and invitations have been sent out to the one hundred and fifty post offices, asking not only the carriers to come to Hamlin, Monday but the big postmasters are also asked to meet with the "boys."

Mr. Fletcher asks that the High School Auditorium be tendered them for this meeting. And it will be granted we are sure. Then the Chamber of Commerce has asked to show the hospitality of Hamlin, by feeding the visitors in a picnic luncheon at the City Park. With this feature and the full program, we are sure that the day will be a pleasant one for the "joy bringers" and their families.

This week, infact Wednesday, the Gifford Construction Company of Dallas, took up their headquarters in Hamlin, to work out of here towards Anson, renewing all the bridges of the road on this end. This construction crew has been working from Abilene to Ballinger for several weeks, getting the bridges in first class condition. From here to Anson there are a number of bridges and possibly they will be several weeks completing the job.

On May 25th, 1926 a road meeting was held in the Opera House, at Hamlin, Texas, in which there were committees from O'Brien, Rochester, Rule, Sagerton, Hamlin, McCaulley Sylvester and Longworth.

The purpose of the meeting being to formulate plans for the extension of Highway No. 51, from Sagerton to Longworth, where it will intersect Highway No. 70.

## TWENTY YEARS AGO (June 1, 1951)

Local baseball fans will be denied the privilege of attending a game over the weekend as a result of inability of the Cardinals to book a contest until next Friday.

Manager Runt McCoy and Assistant Manager Earnest Jenkins have arranged a full June calendar that will take the Cardinals to O'Brien for a night game Friday, June 8. Monday night the squad will go to Paducah.

Saturday night, June 16, Paducah will appear here and Sunday afternoon will provide a complete weekend bill when the Abilene Independents come here. Tuesday, June 19 will find the Cardinals in Dickens and on the Sunday following they will appear here.

Fifteen Hamlin firemen are attending a basic firemen training class being conducted at the Fire Hall by L. O. Bynum of the Texas Engineering Extension Service, a part of the Texas A & M College system. The class began May 17 and will continue

through June 14 and meets each Thursday night for three hours.

Once again the members of the Auxiliary of the Veterans of Foreign wars conducted the annual poppy sale on the streets of Hamlin and the drive met with success as in the past. A total of \$242.10 was contributed to the fund in the one-day drive.

Proceeds from the fund will be divided with the national fund for disabled veterans and a local relief fund.

## TEN YEARS AGO (June 1, 1961)

The annual Jaycee Clean-up, Fix-Up, Paint-Up campaign will officially end Saturday with a \$25 Savings Bond to be awarded to the family that does the best job of cleaning and repairing their premises.

Entries in the contest must be postmarked no later than June 5 to be eligible for the prize. The blanks must be turned in to the BCD office to be judged.

With the campaign closing Saturday the city will have trucks picking up trash Monday to complete the job.

Citizens of Hamlin are being urged to take part in the campaign by both the city officials and the Hamlin Board of Community Development.

The goal of the drive is not only to make Hamlin a better place to live but also a healthier city by eliminating the breeding places for insects and other health hazards.

Last year the city of Hamlin was one of the few towns in America to receive a certificate of Achievement in the National Cleanest Town Contest.

A meeting to organize a women's soft ball league will be held in the BCD office Friday, June 2, at 6:30 p.m. All women interested in playing are urged to attend.

Last week, a notice was published in the Hamlin Herald for those interested to leave their names with the BCD office. Several names were registered and all indicated they were ready to organize.

## And What Have You By BOB CRAIG

is so complicated that the average person just cannot understand all of the problems involved.

The question asked was in reference to a bill submitted this session by Wayne Connally and deals only with the Minimum Foundation Program where on an average the state pays 80 percent and the local district pays 20 percent. This would not affect all of the other costs of local schools financed by the local districts.

Because Hamlin is paying about 30 percent of the program rather than the average of 20 percent this bill would save the local district about 30 percent on the amount being paid locally.

With the local taxes on property fast reaching their limits it is becoming obvious that some other method must be found to finance our schools and this seems to be the best answer at the present time.

# Neinda Philosopher Has Some Questions About A New Truth-In-Advertising Rule

Editor's notes: The Neinda Philosopher on his Johnson grass farm on Route One discusses potatoes and politicians this week, we believe.

Dear Editor: According to an article I read in a newspaper the other day and am just now getting around to thinking about, the Food and Drug Administration in Washington has come out with a new truth-in-labeling rule.

Under it, if a grocery store advertising Idaho potatoes, for example, those potatoes have to come from Idaho, Louisiana hot sauce has to come from Louisiana, etc. Can't be selling Arkansas potatoes in an Idaho sack or Idahos in an Arkansas sack. This rule was demanded by either the potato or the sack people, I don't know which.

I guess there's some point to this, although it's impossible for me to tell where a potato came from, if the gravy's made right. As for Louisiana hot sauce, it's all what you're used to, I guess, as the people in Chicago say about their mayor.

However, this truth-in-labeling can be carried too far. For example, if you think right hard you probably can think of one or two people acting as Congressmen who are clearly mis-labeled. Is the Food and Drug Administration coming out with a rule against this?

Of course you might argue the Food and Drug Administration is talking only about items that are for sale, but it's entirely possible those Congressmen could meet those terms too. Or take some State Legislators. . . but I won't get into that. When

a man makes his point he ought to stop and leave something for his readers to fill in on their own.

Come to think of it, how about cafes that serve home-cooked meals a mile from any home? And won't Boston-baked beans get mighty cold if they're served in Hamlin? Not even a super-sonic plane we can't afford could get them here that fast.

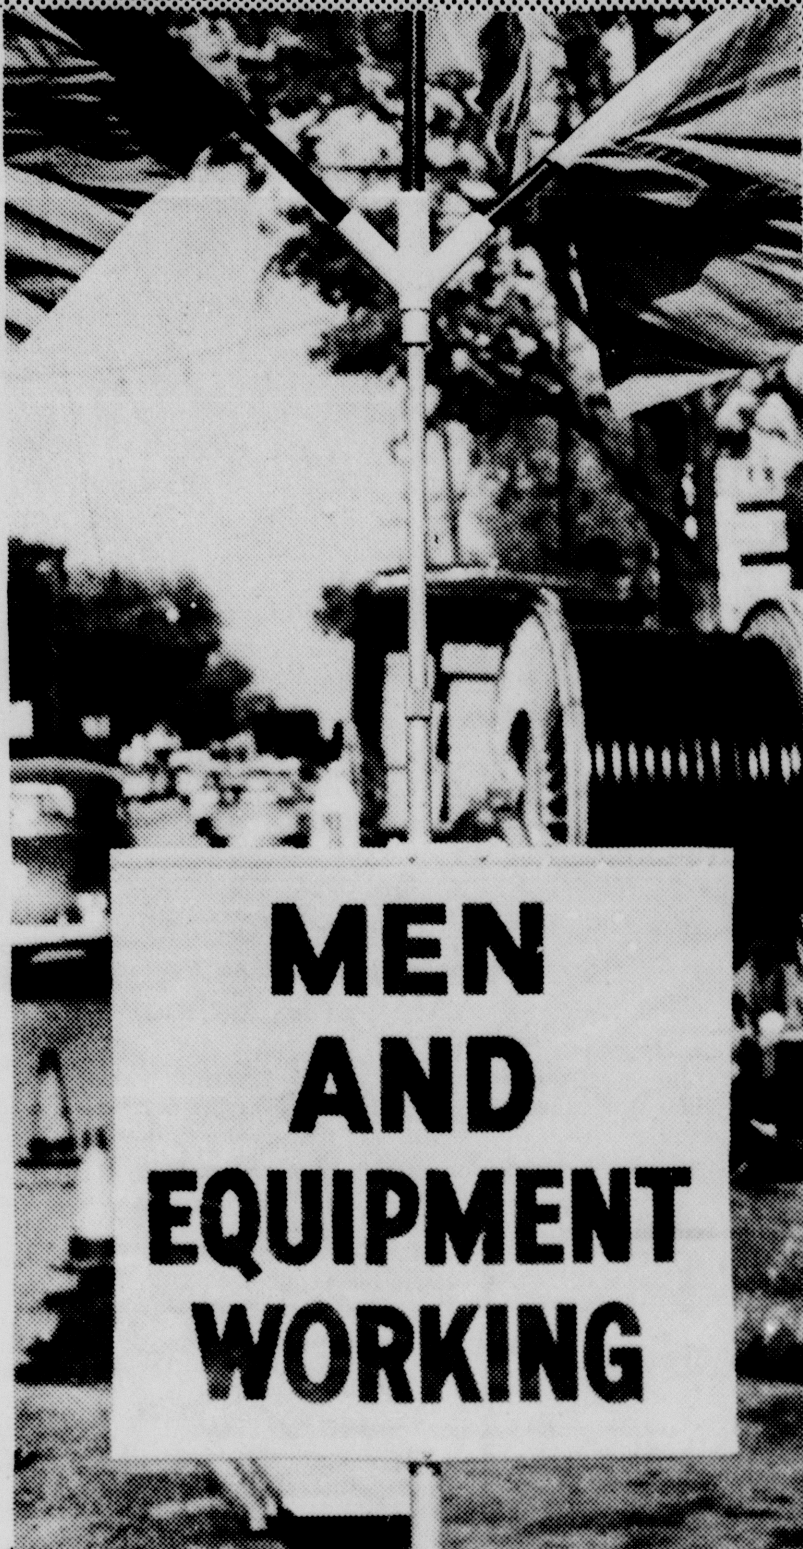

Rules sometimes get pretty complicated. I believe in truth in advertising all right, but if the next step is to require complete truth in Congressmen, for example, or complete truth in people, you've got a mighty unwieldy job on your hands.

Yours faithfully,  
J.A.

# MEN WORKING

This is the sign that should be lifted high in our beloved country — "Men Working." Men working with all they have and are, for a country that must show the world how to live in brotherhood and love and peace under God.

Let us resolve to dedicate anew our lives and our talents to our country and our God when we attend church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Guylan Roberts, Hamlin 4-H Club boy, was the top salesman in the Jones County 4-H candy sales campaign which was conducted here during the last three weeks. Guylan sold 150 bars of candy, which netted the Texas 4-H Foundation \$75.00 to be applied on an educational center to be constructed on Lake Brownwood.

Total combined county 4-H candy sales grossed \$1350.00. The county will mail a check for \$675.00 to the Texas 4-H Foundation for their contribution to the Texas 4-H Educational Center. The educational center will be used for 4-H Club camping and educational and recreational type programs and will cost over a million dollars when completed, according to County Agent Kirby Clayton.

"Much of the credit," says Clayton, "goes to the adult leaders who worked with the 4-H members to make the campaign a success."

## From Area Papers

Stamford American — Once more the City of Stamford has been asked to release water from Lake Stamford for use by ranchers downstream and once more the city has refused and an investigator from the Water Rights Commission has been here to check the complaint.

City Manager H. R. Macomber told members of the city council Friday that the state inspector checked out the area, walking the stream from the dam on down into the ranches which have filed the complaint.

Although the state man told the city manager he would recommend the request for water release be denied, final action will be left up to the water board, it was stated.

Macomber told the council the city lake dropped three inches during the past month and that a release of water would derive the city of as much as three months supply of water.

NEWS FROM ...  
**Old Glory**

By Bernice D. White

Rain here in town measured 2.3 inches last Friday night, another .6 fell Saturday morning, giving us a total of 2.9. Other parts of the community measured as much as four and five inches. Stock tanks caught some water and farmers and ranchers have a much brighter look on their faces these days. Descendants of the late Mr. and Mrs. A. C. Teichleman of Sagerton and members of their families gathered last Sunday at the Old Glory Sons of Herman Hall for the Teichelman Family Reunion and voted to make this an annual affair. About 120 were present this year.

Herbert Vahlenkamp was elected president of the group, Herbert Teichelman, vice-president; and Mrs. Johnny Teichelman, secretary-treasurer.

Those attending were from Levelland, Waco, Oklahoma City and Lawton, Okla., Dallas, Fort Worth, Denton, Taylor, Rule, Haskell, Stamford, Abilene, Lubbock, Rotan,

Hamlin, Aspermont, Sagerton and Old Glory. Many others who are friends of the family gathered there also for evening entertainment.

Two members confirmed at Faith Lutheran Church in Sagerton last Sunday were from Old Glory. They are Susan Baldree, daughter of Mr. and Mrs. Oran Baldree, and Beverly Neuman, daughter of Mrs. Hilda Neuman. The two other members of the class were Carol Dudensing and Keith Corzine. On the previous Sunday Mr. and Mrs. Oran Baldree honored daughter, Susan, and nephew Keith Corzine with a party. Thirty-seven people attended.

The David Letz family have moved from Old Glory to their pretty new brick home in Sagerton. We regret losing this family from our community, but join with their many other friends in wishing them lots of good luck and happiness in their new home.

### And What Have You

By BOB CRAIG

If the public will take advantage of the opportunity, I feel that the Retail Trade Committee of the BCD has come up with a real fine project in their Sidewalk Sale and Flea Market. If enough people will bring their items to town that they want to sell, this could turn into a real old fashion get-together.

Not only is this an opportunity for everyone to take part in a community-wide garage sale but should be a lot of fun just visiting with your friends and neighbors.

Every effort will be made by the downtown merchants to help you find a place to set up your goods. Not only will this be an opportunity for individuals to sell some of their unneeded items that everyone seems to accumulate but would also be a fine time for organizations to raise money for some of their projects.

And if you do not have anything to sell then come on down Friday and shop the bargains being offered both by the individuals and the merchants. You might find just the item or items that you have been looking for.

If this event is a success then it is likely that it will become an annual affair and quite possible that another one will be held later in the year.

So gather up your items, clean out your garage and storage room and bring it to town. What is junk to some is an antique to another and what you don't need might just be what someone else has been looking for.

The results of a recent opinion survey conducted by Rep. Frank Calhoun were released this past week and they are rather interesting. Nearly 5,700 people responded to the survey which in itself is rather surprising.

Of the 15 questions asked on the survey, quite a few were rather close but on several the replies were very one sided. Such subjects as state personal income tax, penal code reform, the right of state and public employees to strike and complete financing of local schools seemed to draw almost unanimous decisions in the survey.

Subjects that seem to have the people responding split pretty well down the middle were bringing more items under the sales tax rather than increasing the rate, state corporate income tax, permanent voter registration and welfare payments.

Those responding favored an increase in the state sales tax to raise most revenue by 3,661 to 2,449; opposed taxing more items by 2,813, 2,597; and felt that Texas industry does not carry its fair share by 2,927 to 1,625.

Opposed corporate income tax, 2,500 to 2,307; opposed personal income tax, 4,928 to 551; favored annual sessions, 3,836 to 1,244; and favored permanent registration, 2,859 to 2,637.

Favored extending the vote to 18 year olds, 3,427 to 2,137; opposed Daylight Saving Time, 3,438 to 2,057; opposed cutting welfare payments if all waste and fraud eliminated, 2,842 to 2,455; and opposed the right to strike for public and state employees 4,089 to 1,227.

Favored revising and codifying Penal Code, 4,359 to 665; opposed liberalized laws governing abortions, 2,734 to 1,625; and opposed the state paying 100 percent of the cost of public school education, 4,319 to 1,028.

The last question asked where the state could best reduce expenses and the responses to this question repeatedly spoke of the welfare problem and suggested cutting the rolls and to insure that all able bodied persons work.

Faced with raising property taxes I was surprised that so many opposed the state taking over more of the cost of the local schools. I feel that the problem here is that school financing

## Dr. Starnes Gives Seniors Seven Guides for Success

Fifty-five Hamlin graduating seniors heard Dr. Joe Starnes, Assistant Superintendent of Schools of Abilene, offer seven guides for success at the graduation exercises held Friday evening in the high school cafeteria.

Opening with the admonition to the graduates to set a goal for their life if they had not already done so, Dr. Starnes concluded his remarks by urging the seniors to have faith in God. He told them that they would one day be faced with problems too big to handle alone and would need the help of someone bigger than themselves.

Keven Sue Mehaffey, daughter of Mr. and Mrs. H. L. Mehaffey, was awarded the Woman's Literary Club scholarship of \$100 during the presentation of special awards. Debra Sue Lee, daughter of Mrs. Annie Nell Lee, was presented a \$300 Nursing Scholarship to Western Texas College at Snyder.

Tony Lewis, salutatorian, gave the welcome for the class and reminisced about the years the class had spent together since starting school 12 years ago.

## House Redistricting Bill Divides Jones County

If the redistricting bill passed by the House Friday withstands court tests, Hamlin will be in a different district from most of the rest of Jones County. The northwest corner of Jones County, which will include Hamlin, will move into the 63rd district, represented now by Renal Rosson of Snyder.

The balance of Jones County will join with Stephens, Palo Pinto, Callahan, Shackelford, and parts of Jack and Wise Counties, to form the 53rd district. Hanna, from Breckenridge in Stephens County presently serving this district.

Jones County will move out of District 62, represented at the present time by Grant Jones and Frank Calhoun, both of Abilene. Calhoun will continue to represent Abilene, while Jones will get the remainder of Taylor County and four other

ago. Darrell Craig, valedictorian, gave the farewell and offered several senses that the class needs to develop if it is to find success and happiness in life.

The presentation of the class gift, \$200 for the construction of a billboard in front of the high school, was made by Charles Sellers, class president.

## Sidewalk Sale, Flea Market Set Friday

Friday is the big day in Hamlin when the whole town is planning a gigantic garage sale. The merchants are planning a big Sidewalk Sale with everyone in the area invited to take part in the big Flea Market being planned.

Charles Reed, chairman of the Retail Trade Committee of the Hamlin Board of City Development, said that he hopes that all of the merchants in town will take part in the Sidewalk Sale and has issued a special invitation to all of the residents of the area to bring their surplus and unwanted goods to town for the Flea Market.

Plans call for the Flea Market to be set up on the downtown sidewalks not being used by the merchants, on the vacant lots and the store fronts of the vacant buildings.

Lone Star Gas Company is giving away a free Gas Grill Friday afternoon with all adults invited to register during the day.

Special prices are being offered by the local merchants for this big one day sale.

The merchants planning the event hope that everyone will take ad-

vantage of this opportunity to make this an old fashion type Swap and Shop day and a day to have fun and visit with friends.

The Sidewalk Sale has been an annual affair for the local merchants for the past few years, but this is the first year for the Flea Market. It is the hope of the committee that it will also become an annual part of the special event.

The Flea Market is open to everyone and local merchants will help individuals find a place to set up their merchandise. Reed said that he hoped that everyone will clean out their garages, storage rooms and closets and bring all of their unwanted items to town to sell. He also said that he hoped that those who did not have anything to sell would come on to town and see what their neighbors might have to sell that they might need.

He added, "School is out, and Mom and Dad are invited to bring the kids to town and have a big day. The drought is over; everything is green; and this Friday will be a good time to buy summer merchandise for the entire family during this sale."

### 4.86 Inches--

## Stock Tank Filling Rain Falls Here Over Weekend

The first stock tank filling rain in over a year fell in the area this weekend as the official total for the two days in Hamlin was 4.86 inches. Reports of up to nine inches was given over the West Texas area during the two days.

Thursday evening and Friday morning's total here was measured at 1.36 and the total for Saturday was 3.50. This brought the total for the year up to 7.92 inches with the average for this time of the year being 10 inches.

High winds cut a path from Big Spring to Dublin, causing damage to buildings along its path. No wind damage was reported in the immediate Hamlin area but a motel and the Country Club was damaged in Merkel.

A storm in the Knox City area derailed four Santa Fe Cars about 9 a.m. five miles north of Knox City after six to eight inches of rain washed out the tracks. Conductor was Delbert Rountree and engineer was Jimmy Lassiter, both of Hamlin.

Most stock tanks in the area are now full for the first time in

two years following the heavy hard rains this weekend. Water was still standing in most fields

in the area Tuesday with a number of terraces being broken.

The public is cordially invited to attend the Sunday evening service. Rev. Mayo will be the evangelist for the City-wide Crusade to be held in July.

### 10% Net Increase--

## School District Raises Values Lowers Rate

Supt. C. F. Cook announced this week that the Board of Education of the Hamlin Independent School District voted in a recent meeting a 10 percent increase in taxes on property within the district to meet the increased costs of the coming school year.

The Board voted to increase property values from the present 35 percent of market value to 50 percent and to lower the tax rate from the present \$1.85 to \$1.41. This increase in values and lowering of the rate will bring in about 10 percent more revenue to balance out the 10 percent increase in the

budget, according to Supt. Cook.

Increased costs cited by the board for its actions were property taxes, teacher raises, a new school bus and other miscellaneous expenses.

Insurance for the schools will cost \$7,000 more this year and the teacher raise on the State level will cost the local district another \$6,000. A new bus will cost the district \$6,000; interest, utilities and materials an additional \$900; and supplies and repairs, \$3,000; bringing the total estimated additional money needed to finance the school during the coming year

to \$22,900.

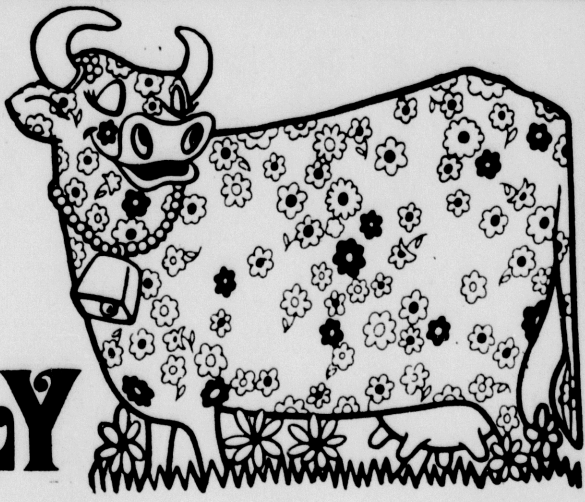

This is about 10 percent more than was in the budget this past year and the increase in values and lowering of the rate is expected to bring in about 10 percent more revenue for the school.

Under the new schedule a \$15,000 home or 100 acres of land valued at \$150 an acre will be taxed an additional \$8.62 a year. A \$10,000 home or 100 acres of land at \$100 an acre will be taxed an additional \$5.75 a year. Taxes on a \$7,500 home or 100 acres of \$75 land will cost an additional \$4.31 a year.

Rebecca Petty, Randy Brown  
Exchange Vows In Rotan

Rebecca Ann Petty, daughter of Mr. and Mrs. E. A. Petty of Rotan, and Randy Charles Brown, son of Mrs. and Mrs. Cecil Brown exchanged vows Saturday in the First United Methodist Church of Rotan.

Jerry Berry, minister of the Rotan Church of Christ, officiated.

Kay Kennedy was organist and Mrs. Stanley Nowlin was soloist.

The bride was presented in marriage by her father, wearing a formal gown of chantilly lace over peau de soie, forming a redingote effect that swept into a wateau chapel train. The oval neckline was encircled with seed pearls. The fitted lace sleeves with tiny covered buttons were bound in peau de soie. A lovely cluster of seed pearls held her veil of silk illusion. She carried a cascade of mixed spring flowers in deep shades.

Mrs. Leo Petty of Abilene, sister-in-law of the bride, was matron of honor. Bridesmaids were Lillian Harrod of Eden and Mrs. Phil Petty of Rotan, sister-in-law of the bride. Junior bridesmaid was Cindy Springer of Rotan, cousin of the bride.

The attendants wore formal gowns designed with empire waist and A-line skirt. The back was accented by a bow and floor length panel. The dresses were in rainbow colors of aqua, rose, green and blue. A material bow accented by a cluster of matching flowers held the veil of tulle. They carried a colonial nosegay of miniature mums in assorted spring colors.

Lisa Petty of Abilene, niece of the bride, was flower girl. She was attired in a miniature gown of pastel pink with a matching headpiece. She carried a basket of spring flowers.

Candlelighters were Laura Petty of Abilene, niece of the bride, and Melanie Rowland of Lafayette, La., niece of the bridegroom. They were dressed in lavender and yellow gowns similar to that of the bridesmaids.

Van Newberry of Colorado Springs, Colo., was best man and groomsmen were Barry Moore of Abilene, and Phil

MRS. RANDY CHARLES BROWN  
...formerly Rebecca Ann Petty

Petty of Rotan, brother of the bride. Junior groomsmen was Britt Rowland of Lafayette, La., nephew of the bridegroom.

Ushers were Leo Petty of Abilene, brother of the bride, Dwight Griggs of Divide and George Bonds of Abilene.

The reception followed in the church parlor with the bride's parents as hosts.

The bride was salutatorian of the Class of 1967 at Rotan High School. She received a bachelor of science degree in elementary education at Angelo State University where she was a

member of Student Education Association and was named to the Dean's list.

Brown is a 1963 graduate of Hamlin High School and attended West Texas State University, McMurry College and Cisco Junior College. He is employed by Pied Piper Cattle Co. here.

Following a wedding trip to Vallecito Resort in Colorado the couple will reside here at 25 S. W. Ave. D.

The bridegroom's parents hosted the rehearsal dinner at Rotana Inn in Rotan.

RIGHTS 'N WRONGS  
Mention fiance  
in bridal note

By RIV TOBIN  
Copley News Service

Dear Mrs. Tobin: When sending a gift to the home of the bride-to-be, is it proper to address it to her alone or should her fiance's name be included? How should the enclosed card be addressed? — Mrs. J.P.N.

Dear Mrs. J.P.N.: Before the wedding, all gifts are sent to the bride alone. If you know her fiance it would be perfectly proper to mention him on the card. ("Our best wishes to you and John.") After the wedding, gifts are sent to "Mr. and Mrs. Doe."

Dear Mrs. Tobin: Would you please print the obligations of the groom and his parents when the wedding is held in a different state? As you indicated in another column, I have written the bride's parents. — First Time Around

Dear First-Timer: You don't say whether you have had a reply to your letter, but I assume by now you have. A month or so before the wedding you should write and ask the mother of the bride if you and your husband may host a rehearsal dinner. (If you want to make such a gesture.) Another question to ask is if the bride has any preference as to the type of dress or color she would like to have you wear. Be sure and ask if you are to wear a head covering. Beyond these things, you have few obligations. You are honored guests at the ceremony.

Dear Mrs. Tobin: Our son is getting married soon to a young lady we've never met. They live in another state. Of course, we will be going to the wedding but we are wondering if we should write to the parents of the bride-to-be or wait until we hear from them. Our son has asked us to send our guest list for the church wedding. I hesitate to send the list, thinking it should come from the young lady's parents.

Your help in this matter would be much appreciated. — Mrs. J.

Dear Mrs. J.: Yes, you should write the young lady and welcome her into your family. You should also write her parents in the same tone. Ask the mother of the bride-to-be how many guests you may invite. See my answer above to Mrs. J.P.N. for other questions to ask.

Dear Mrs. Tobin: Should toilet tissue be put on the fixture so that sheets unroll forward or backward? — H.J.B.

Dear H.J.B.: There is civil war in Pakistan. Red China is testing nuclear weapons. There is war in Vietnam. Frequent earthquakes rock our own West Coast. Put the toilet paper roll on the fixture whichever way suits your fancy.

FROM THE FILES . . .

FORTY FIVE YEARS AGO  
(May 28, 1926)

The thirteenth of each May is the annual meeting day for the Rural Mail Carriers, but this year, Memorial Day, May 30, comes on Sunday and therefore all conventions that would otherwise meet on the thirteenth will assemble on Monday the 31st.

Mr. Fletcher, carrier of Route C. Hamlin, is one of the leading spirits among the rural carriers and it was through his efforts that three districts of carriers will be here Monday. A splendid program has been printed and invitations have been sent out to the one hundred and fifty post offices, asking not only the carriers to come to Hamlin, Monday but the big postmasters are also asked to meet with the "boys."

Mr. Fletcher asks that the High School Auditorium be tendered them for this meeting. And it will be granted we are sure. Then the Chamber of Commerce has asked to show the hospitality of Hamlin, by feeding the visitors in a picnic luncheon at the City Park. With this feature and the full program, we are sure that the day will be a pleasant one for the "joy bringers" and their families.

This week, infact Wednesday, the Gifford Construction Company of Dallas, took up their headquarters in Hamlin, to work out of here towards Anson, renewing all the bridges of the road on this end. This construction crew has been working from Abilene to Ballinger for several weeks, getting the bridges in first class condition. From here to Anson there are a number of bridges and possibly they will be several weeks completing the job.

On May 25th, 1926 a road meeting was held in the Opera House, at Hamlin, Texas, in which there were committees from O'Brien, Rochester, Rule, Sagerton, Hamlin, McCauley Sylvester and Longworth.

The purpose of the meeting being to formulate plans for the extension of Highway No. 51, from Sagerton to Longworth, where it will intersect Highway No. 70.

TWENTY YEARS AGO  
(June 1, 1951)

Local baseball fans will be denied the privilege of attending a game over the weekend as a result of inability of the Cardinals to book a contest until next Friday.

Manager Runt McCoy and Assistant Manager Earnest Jenkins have arranged a full June calendar that will take the Cardinals to O'Brien for a night game Friday, June 8. Monday night the squad will go to Paducah.

Saturday night, June 16, Paducah will appear here and Sunday afternoon will provide a complete weekend bill when the Abilene Independents come here. Tuesday, June 19 will find the Cardinals in Dickens and on the Sunday following they will appear here.

Fifteen Hamlin firemen are attending a basic firemen training class being conducted at the Fire Hall by L. O. Bynum of the Texas Engineering Extension Service, a part of the Texas A & M College system. The class began May 17 and will continue

through June 14 and meets each Thursday night for three hours.

Once again the members of the Auxiliary of the Veterans of Foreign wars conducted the annual poppy sale on the streets of Hamlin and the drive met with success as in the past. A total of \$242.10 was contributed to the fund in the one-day drive.

Proceeds from the fund will be divided with the national fund for disabled veterans and a local relief fund.

TEN YEARS AGO  
(June 1, 1961)

The annual Jaycee Clean-up. Fix-Up, Paint-Up campaign will officially end Saturday with a \$25 Savings Bond to be awarded to the family that does the best job of cleaning and repairing their premises.

Entries in the contest must be postmarked no later than June 5 to be eligible for the prize. The blanks must be turned in to the BCD office to be judged.

With the campaign closing Saturday the city will have trucks picking up trash Monday to complete the job.

Citizens of Hamlin are being urged to take part in the campaign by both the city officials and the Hamlin Board of Community Development.

The goal of the drive is not only to make Hamlin a better place to live but also a healthier city by eliminating the breeding places for insects and other health hazards.

Last year the city of Hamlin was one of the few towns in America to receive a certificate of Achievement in the National Cleanest Town Contest.

A meeting to organize a women's soft ball league will be held in the BCD office Friday, June 2, at 6:30 p.m. All women interested in playing are urged to attend.

Last week, a notice was published in the Hamlin Herald for those interested to leave their names with the BCD office. Several names were registered and all indicated they were ready to organize.

And What Have You

By BOB CRAIG

is so complicated that the average person just cannot understand all of the problems involved.

The question asked was in reference to a bill submitted this session by Wayne Connally and deals only with the Minimum Foundation Program where on an average the state pays 80 percent and the local district pays 20 percent. This would not affect all of the other costs of local schools financed by the local districts.

Because Hamlin is paying about 30 percent of the program rather than the average of 20 percent this bill would save the local district about 30 percent on the amount being paid locally.

With the local taxes on property fast reaching their limits it is becoming obvious that some other method must be found to finance our schools and this seems to be the best answer at the present time.

Neinda Philosopher Has Some Questions  
About A New Truth-In-Advertising Rule

Editor's notes: The Neinda Philosopher on his Johnson grass farm on Route One discusses potatoes and politicians this week, we believe.

Dear Editor: According to an article I read in a newspaper the other day and am just now getting around to thinking about, the Food and Drug Administration in Washington has come out with a new truth-in-labeling rule.

Under it, if a grocery story advertising Idaho potatoes, for example, those potatoes have to come from Idaho, Louisiana hot sauce has to come from Louisiana, etc. Can't be selling Arkansas potatoes in an Idaho sack or Idahos in an Arkansas sack. This rule was demanded by either the potato or the sack people, I don't know which.

I guess there's some point to this, although it's impossible for me to tell where a potato came from, if the gravy's made right. As for Louisiana hot sauce, it's all what you're used to, I guess, as the people in Chicago say about their mayor.

However, this truth-in-labeling can be carried too far. For example, if you think right hard you probably can think of one or two people acting as Congressmen who are clearly mis-labeled. Is the Food and Drug Administration coming out with a rule against this?

Of course you might argue the Food and Drug Administration is talking only about items that are for sale, but it's entirely possible those Congressmen could meet those terms too. Or take some State Legislators... but I won't get into that. When

a man makes his point he ought to stop and leave something for his readers to fill in on their own.

Come to think of it, how about cafes that serve home-cooked meals a mile from any home? And won't Boston-baked beans get mighty cold if they're served in Hamlin? Not even a super-sonic plane we can't afford could get them here that fast.

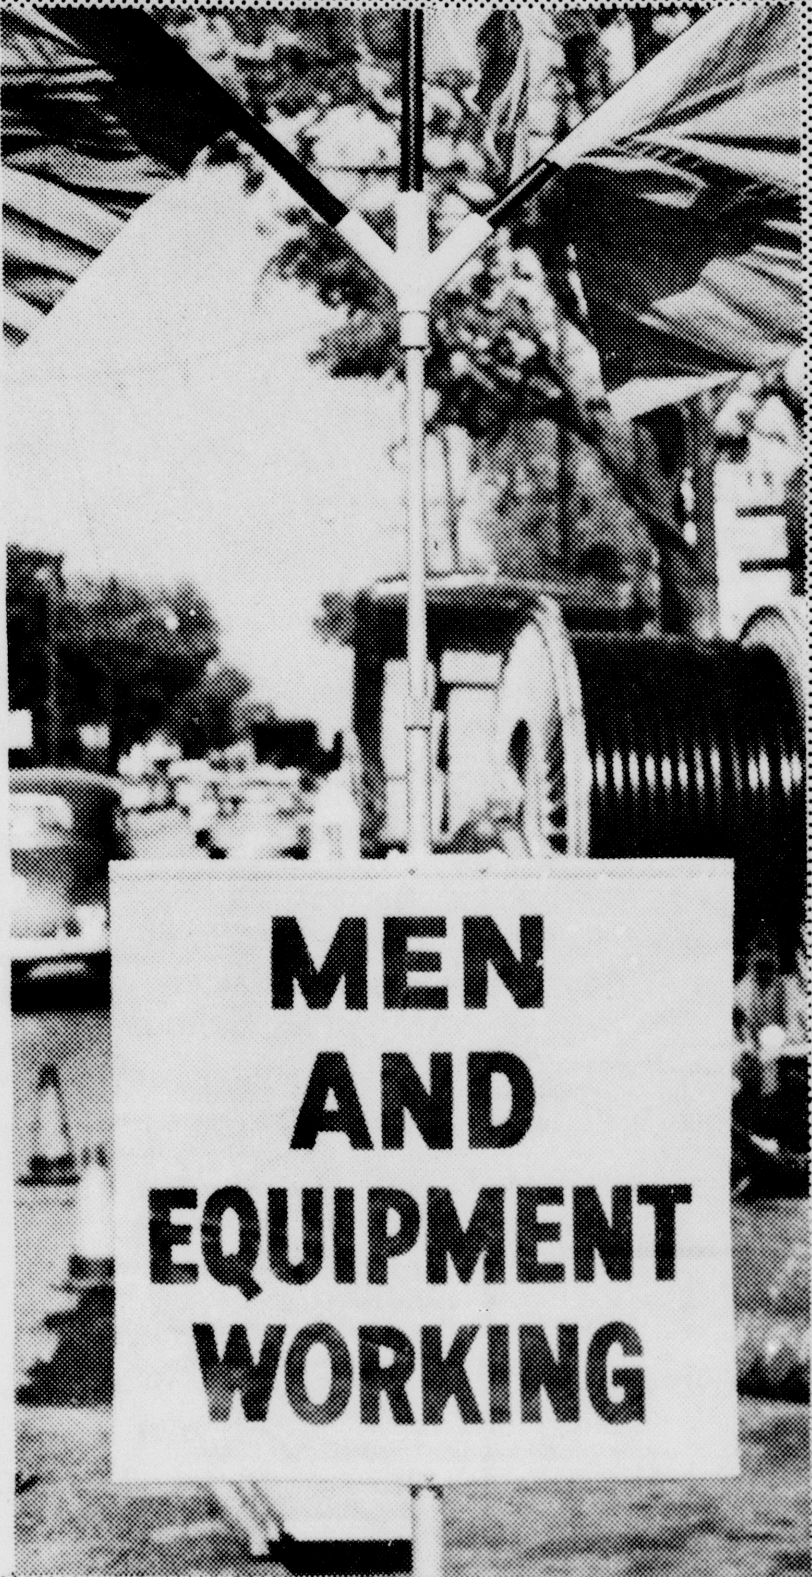

Rules sometimes get pretty complicated. I believe in truth in advertising all right, but if the next step is to require complete truth in Congressmen, for example, or complete truth in people, you've got a mighty unwieldy job on your hands.

Yours faithfully,  
J.A.

MEN  
WORKING

This is the sign that should be lifted high in our beloved country — "Men Working." Men working with all they have and are, for a country that must show the world how to live in brotherhood and love and peace under God.

Let us resolve to dedicate anew our lives and our talents to our country and our God when we attend church

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Guylan Roberts Named Top 4-H Candy Salesman

Guylan Roberts, Hamlin 4-H Club boy, was the top salesman in the Jones County 4-H candy sales campaign which was conducted here during the last three weeks. Guylan sold 150 bars of candy, which netted the Texas 4-H Foundation \$75.00 to be applied on an educational center to be constructed on Lake Brownwood.

Total combined county 4-H candy sales grossed \$1350.00. The county will mail a check for \$675.00 to the Texas 4-H Foundation for their contribution to the Texas 4-H Educational Center. The educational center will be used for 4-H Club camping and educational and recreational type programs and will cost over a million dollars when completed, according to County Agent Kirby Clayton.

"Much of the credit," says Clayton, "goes to the adult leaders who worked with the 4-H members to make the campaign a success."

**FIRST TEST** — The heavy rains this past weekend were the first test of the waterway constructed on the Culbertson Farm East of Hamlin. The waterway was completed in 1969 but the rains this weekend were the first hard, fast rain to fall in the area. As much as five inches was reported on the watershed. The land is farmed by Bensons Payne and the grassed waterway is said to have eliminated the problem of erosion caused by heavy rains. The above picture was taken from the point where the water is first entering the waterway.

**Stamford American** — Once more the City of Stamford has been asked to release water from Lake Stamford for use by ranchers downstream and once more the city has refused and an investigator from the Water Rights Commission has been here to check the complaint. City Manager H. R. Macomber told members of the city council Friday that the state inspector checked out the area, walking the stream from the dam on down into the ranches which have filed the complaint.

Although the state man told the city manager he would recommend the request for water release be denied, final action will be left up to the water board, it was stated.

Macomber told the council the city lake dropped three inches during the past month and that a release of water would derive the city of as much as three months supply of water.

## Old Glory

By Bernice D. White

Rain here in town measured 2.3 inches last Friday night, another 6 fell Saturday morning, giving us a total of 2.9. Other parts of the community measured as much as four and five inches. Stock tanks caught some water and farmers and ranchers have a much brighter look on their faces these days.

Descendants of the late Mr. and Mrs. A. C. Teichelman of Sagerton and members of their families gathered last Sunday at the Old Glory Sons of Herman Hall for the Teichelman Family Reunion and voted to make this an annual affair. About 120 were present this year.

Herbert Vahlenkamp was elected president of the group, Herbert Teichelman, vice-president; and Mrs. Johnny Teichelman, secretary-treasurer.

Those attending were from Levelland, Waco, Oklahoma City and Lawton, Okla., Dallas, Fort Worth, Denton, Taylor, Rule, Haskell, Stamford, Abilene, Lubbock, Rotan,

Hamlin, Aspermont, Sagerton and Old Glory. Many others who are friends of the family gathered there also for evening entertainment.

Two members confirmed at Faith Lutheran Church in Sagerton last Sunday were from Old Glory. They are Susan Baldree, daughter of Mr. and Mrs. Oran Baldree, and Beverly Neuman, daughter of Mrs. Hilda Neuman. The two other members of the class were Carol Dundersing and Keith Corzine. On the previous Sunday Mr. and Mrs. Oran Baldree honored daughter, Susan, and nephew Keith Corzine with a party. Thirty-seven people attended.

The David Letz family have moved from Old Glory to their pretty new brick home in Sagerton. We regret losing this family from our community, but join with their many other friends in wishing them lots of good luck and happiness in their new home.
